

Hooksett Community

Rules for Skywatches

Watch your step: Be careful of wires on the ground.

Red flashlights: A red light will not ruin your night vision. You can cover the lens of a regular light with red plastic.

No flash photography as it will wreck everyone's night vision.

ALPs enrichment activity coordinated by Mrs. Tremblay

You are invited

ALL students, families and community members are invited to Cawley Middle School on Friday, June 16th at dusk to view the stars. There will be amateur astronomers that will set up telescopes for a closer look at the stars, moon and any visible planets. This is a beginner-friendly viewing to the stars and each telescope will have an expert that will guide you.

When: June 16, 2017

Where: BACK PARKING LOT (Park in the front of the building. Don't forget to bring a flashlight as the streetlights will be turned off.)

89 Whitehall Rd.

Hooksett, NH

Time: 8:30 pm - 10:00

If there is CLOUD COVER or RAIN, the event will be CANCELED. We will post a cancellation notice on EACH school's Twitter account located on their perspective webpage.
